

## ABOUT INSTITUTE

Our institute was founded by 'Loknete' Late Shriman Bhausaheb Zadbuke in 1969 with mission to empower the rural youth with the spirit of self respect and the power of self employment by exploring their ability and skills. To achieve this, the Institute imparts quality education and training through real life facilities that do not only create jobs for themselves but also to provide jobs to others.

## THEME

Intellectual Property Rights (IPRs) is concerned with the protection of tangible and intangible property i.e. it is a "Product of Mind". World Intellectual Property Organization (WIPO) states that "Intellectual Property" includes rights related to works in literary and artistic fields, performance of artists, broadcasts (in the form of CD, DVD, tape recording etc), innovations in science and technology, industrial designs, trademarks, service marks, etc. IPR helps to promote creativity and innovation among the researchers. IPR protection plays a key role in gaining modest advantage in terms of technological gains for achieving higher economic growth in a market driven economy.
