99 responses

Interpretation: 46.5% students found the infrastructural facilities in the college excellent while 34.5% students found the facilities to be very good

23. The descriptive question was asked to the students about give three observations / suggestions to improve the overall teaching-learning experience and support system in your organization.

Following are some suggestions given by the students.

- 1) Students want improved ICT facilities like Smart classroom, language library
- 2) Tree plantation should increase
- 3) Proactive usage of technology :- Nowadays the education sector is increasingly contingent on technology e.g. usage of Google meets, and other applications to make it more students friendly. As it was in case of post COVID time. Hence for female students who are housewives and cannot attend the college on regular such online initiatives must be encouraged
- 4) Teacher-Student Interaction:- The personal problems of the students must be communicated to teachers for better relationship building. This will foster the overall educational ambience of the college .
- 5) Regular Evaluation :- Students preparing for competitive examinations must be encouraged to have more effective dialogues with teachers and regular sessions of orientation batches for competitive exams must be undertaken so that the competitive gap between the rural and urban students shall be reduced
