**ANALYSIS OF TEACHER'S FEEDBACK (2021-22)**

**PREFACE:**

Shriman Bhausaheb Zadbukey Mahavidyalaya Barshi is committed to constantly improve and positively alter its course to become one of the finest educational institutions. The Institution believes in creating a congenial work environment for its staff. To facilitate this, the college conducted a survey in which the staffs were asked to rate their satisfaction levels for different aspects i.e. Infrastructural Facilities, Professional Development, Campus/Support Services, Institutional Ideology & Management. It may be said that the quality of a Higher Education Institution depends on the quality of those who impart it: the teachers. The teacher has to play a multidimensional role to inculcate the nuances of subjects to a heterogeneous class of students. Since teachers are the primary medium of exchange of knowledge, their views about the learning outcomes, course content, proper sequencing of topics in the syllabus etc are extremely important for the smooth conduct of the programmes. Teachers are better placed to evaluate the facilities provided by the college for the overall development of the students. The survey sought progressive suggestions from the faculty to ensure they feel empowered and valuable improvements are welcomed with open arms. The feedback form for the academic year 2021-2022 recorded responses from 29 faculty members.

**MECHANISM OF FEEDBACK PROCESS OF TEACHERS' FEEDBACK**

The institution has its own mechanism of assessment of teachers' feedback on college. It prepares a questionnaire of twelve questions and they are given away to the teachers. The questionnaire is intended to collect information relating to their satisfaction towards the infrastructural and academic facilities in the college. The teachers are given a stipulated date for submission of the feedbacks. Later their feedbacks are collected. They are analyzed graph-wise and the plan of action is made. For the plan of action, the negative opinions of the teachers are considered. Later the suggestions of the teachers would be brought to the notice of the CDC. The information provided by the teachers will be used as important feedback for overall quality improvement of the institution. This feedback mechanism has been followed

from the academic years 2017-18 to till date. The following feedback form has been used from the academic years 2017-18 to 2021-22.
